**Resubmission of References**

The Examiner states that copies of foreign patent documents B1-B44 and non-patent literature publication C1-C197, cited in an Information Disclosure Statement mailed April 23, 2004, cannot be located. Accordingly, Applicants hereby enclose courtesy copies of the cited references, as well as a copy of the PTO-1449 submitted on April 23, 2004.

It is respectfully requested that the information contained herein be expressly considered during the prosecution of this application, and that the references be made of record therein and appear among the "References Cited" on any patent to issue therefrom.
